

ULTRA GRIP OIL II

TECHNICAL SERVICE INFORMATION

GOODYEAR CERTIFIED PERFORMANCE PRODUCTS

GOODYEAR shoe products have been tested and found to meet the specifications and requirements of the **GOODYEAR TIRE AND RUBBER COMPANY**. Akron, Ohio, **GOODYEAR** shoe products are controlled throughout the manufacturing process. Exacting process controls insure the highest quality products as well as make reliance on post-production quality testing less critical. The utmost care is used in the manufacture of our products but no warranty is expressed or implied in their sale. Properties listed are typical of the product and represent guidelines to help select products for your application. Test values normally vary based upon procedures and test conditions. Physical properties are measured on test plaques due to the many variations of design and their effect on test results. Our responsibility is limited to the sales value of the products sold.

APPLICATIONS:

ULTRA GRIP OIL (II): UGO II is specifically formulated for maximum traction on floors where water and grease pose slip hazards. UGO II offers optimized non slip properties on water and oily tile and other surfaces. Always use extreme care on slippery surfaces. UGO II will not guarantee non slip in the workplace but offers the best protection available based on laboratory tests and current standards.
